Fun - Fly

Bill Ponsiego without his hat and a chard drone in his hand

The November Fun Fly, the last such event of the year, could have been unremarkable were it not for the grass fire ignited by the crash of Bill Ponseigo's drone.

Flying his drone north of the runway an apparent failure of a speed controller caused Bill's drone to crash igniting a fire which quickly spread in the dry grass of the recently harvested hay field. Smoke rising slowly under the calm skies caught the eye of observers. As the fire began spreading in the dry grass, Bill yelled for help but was far out of hearing range. Observers seeing smoke grabbed an extinguisher and ran to the scene. With JD Smith acting as the fireman, he sprayed the fire with the extinguisher as others began stamping out the fire. The situation was soon brought under control; a fiery disaster avoided. The drone was toast! Later, when Bill inspected the drone, it was apparent that a failure of the battery was not the cause of the crash or the fire. It was the speed controller. Everyone was amazed that the entire drone was reduced to a charred relic! Fortunately, the ARCS was prepared for such an event with fire extinguishers at the ready!

Another special feature of the Fun Fly was the "Mystery Soup" served up by Harold Saults complete with tortilla chips, shredded cheese, chopped peppers, and onions for garnish. The soup was a well appreciated by all and quickly consumed by the 25 people who came out for the day. Thanks Harold!

The October Swap Meet at VFW Post 8541 was a success! The Club made over \$1000 profit for the event. A special thank you goes out to Stephan Christenson and his dad of the super help, Dick Reich for handling the Snack Bar, Tony and Sarah Centeno for handling all the funds and the door entry, and Tom Richards for Sponsoring the Event and the VFW. These are the folks that make things happen and keep ARCS going! Thank you again. On the down side, we had very limited participation from the Club membership. We need greater participation to keep the Club rolling along, get new members and expand the hobby! Everyone has something to sell, swap, barter, buy or horn-swaggle. Participation is the key to making the Club successful, profitable and viable in the future.

## **CRASH OF THE MONTH:**

Rich Sanders was out flying around and got into an inverted spin. Yes, the airplane spins but it did not recover. Totaled.

Pete DuBree was flying his 90 mm Ducted Fan A-4 Skyhawk in his usual way, Fast with a lot of Hi G turns. Well the A-4 had a weak wing at the retracts. Yes, the wing folded and created a bag of foam pieces. WOW! The City will not even re-cycle it.

JD Smith was flying his Radeon Electric Glider and having a real great time as he flew it near the stock pond. It seemed like a good time for a Victory Roll at about 5 to 10 feet off of the ground. It takes about 15 feet of altitude to make things happen. Well, the barbed wire fence near the pond won! Hangar 9 doesn't make the parts anymore. So Sad!

The winner is JD.

# **SHOW AND TELL:**

Rich Beardsley brought in his beautiful Pitts 12 bipe. This is a super looking airplane with a DLE 50 in the nose with HiTech high voltage/torque servos to handle the G loads. The first flight has not been scheduled. Great Job!

# **RAFFLE**

The monthly raffles are designed to break even. Any access monies are used for the Christmas Party Raffle. Our wives and guests receive a free raffle ticket for attending the meeting. Special thanks go out to Hobby Town for providing the raffle prizes to the Club at a reduced price.

Hangar 9 Cirrus Electric ARF – Bob Palmini Airplane Stand – Dick Reich LiPo Battery Pack – Rich Sanders Balsa Filler – Buck Murray MonoKote Iron – Buck Murray Gallon of Fuel – Tony Centeno

The meeting adjourned at 8:30 PM.
